Activate

Fulvic Acid Electrolyte

Readily complexes with minerals and metals, making them immediately absorbable into plant cells.

Freezing Temperature: 32° F
Weight Per Gallon : 8.3 pounds

GENERAL RECOMMENDATIONS

SURE CROP Activate is a concentrated, fulvic acid electrolyte liquid and is recommended for use with fertilizers and micronutrients.

SURE CROP Activate can be applied to row crops, small grains, legumes, deciduous, fruit and nut trees, fruits, vegetables, grasses and most other crops.

Preplant or Side Dress - Apply 1-8 qt p/Acre of SURE CROP Activate with sufficient water or fertilizer solution in broadcast, dribble or band application. Incorporate 2 to 4 inches for best results.

Planting - Apply 8-32 oz p/Acre of SURE CROP Activate with sufficient water or starter fertilizer solution for row or band application.

Foliar - Apply 1-4 qt p/Acre of SURE CROP Activate with sufficient water or foliar fertilizer solution for adequate and even coverage. Repeat application as needed. Use equipment to give uniform coverage with 30 to 90 PSI for best results.

Irrigation - Apply 1-8 qt p/Acre of SURE CROP Activate with sufficient water or fertilizer solution through gravity, sprinkle or drip irrigation system. Repeat application as needed.

Store below 100 degrees Fahrenheit. Do not freeze. Avoid direct sunlight.

WARNING: Keep out of reach of children.

Dispose of container in accordance with local, state & federal regulations.

BLENDING INSTRUCTIONS

1. Add correct amount of SURE CROP Activate while adding water or other liquid fertilizer solution to applicator tank.
2. Agitate adequately to blend well.
3. SURE CROP Activate is compatible with most fertilizers. If in doubt, a jar test is recommended before tank blending to determine compatibility.

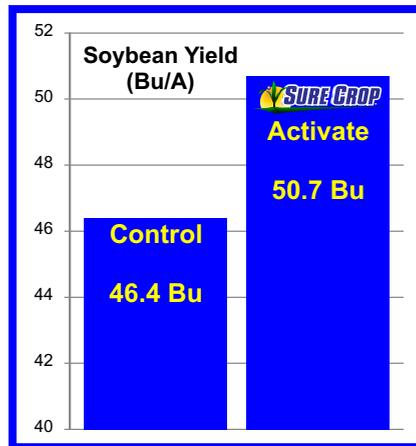

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty, nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.

Packed 2 x 2.5 Gals.

SURE CROP Activate - a naturally occurring, complexing electrolyte, biologically stable, highly oxidized, water soluble fulvic acid that affects the availability of nutrients to plants and their total biological environment.

SURE CROP Activate
with more than
60 Minerals and Trace Elements,
dissolved into its fulvic complexes ...
readily absorbs into
and interacts with living cells.

For Dryland Soybeans ...

with Starter Blend

Increased Yield
4.3 Bu p/Acre!

All plots received the same Starter Blend

SURE CROP Activate ...

- Balances and Energizes ... All CELLS, microbe, plant, animal and human
- Solubilizes Elements ... Complexes and transports insoluble elements into plants
- Permeates Cell Membranes ... Nutrients transported with ultra - small fulvic are absorbed more efficiently
- Oxygenates ... Increases metabolic activities, more oxygen is absorbed
- Increases Photosynthesis ... Speeds up intake of sunlight, increases production of sugars
- Detoxifies Soils ... High, CEC (1400) absorbs/neutralizes herbicide, pesticide, fungicide toxins

SURE CROP Activate is the perfect substance provided and intended by nature for the transport of minerals into living cells.
